

CUSTOM-MADE SOLAR PANELS

www.nousol.com

About us

- Nousol is a manufacturer and supplier of a wide range of photovoltaic energy systems and has specialized in the manufacturing of custom-made solar panels. We can produce from 3Wp up to 400Wp and supply different voltages depending on your specific application needs.
- We have a dedicated team of highly qualified technicians available to provide you with the appropriate customized solar panel in order to fulfill your request.
- NOUSOL has a well-established track record in the PV sector since 2007 and we strongly believe in innovation and in furthering our customers.

Manufacture

NOUSOL as a manufacturer delivers high quality and flexibility custom solar panels for different applications.

From developing prototype to series production, we create adaptable panels to size, shape, cell quality (polycrystalline, monocrystalline or sunpower) with full power solution.

Custom-Made Panel Applications

Our Strengths

INNOVATION:

- We focus on innovation and quality manufacturing and we work together with the main brands in the market.
- **Nousol** started as a result of obtaining the innovation award **Click**Cells, presenting small solar panels that can be connected between them. These are used for solar training in schools, institutes and colleges. Individual ClickCells are used for recharging mobile phones or small applications.
- Our goal is to provide innovative and optimal solutions to our customers.

EXPERIENCE:

- Nousol was founded more than 10 years ago.
- We have proven export experience around the world.
- Nousol is the unique Spanish custom-made solar panels' manufacturer.
- Large stock, flexibility and quick respond to our customers.

Warranty

• 5 years product warranty

90% production at 10 years

80% production at 25 years

MANUFACTURING

Bespoke designs will be fully customized by our technical department to meet users' needs.

TECHNICAL SUPPORT

We guide our distributors to facilitate the appropriate solution and we support installers in case of installation and programming issues.

Innovation is one of our strengths always offering the latest innovations and working with the main brans in the market.

CUSTOMER SUPPORT

We provide personalized support to our customers in order to fulfill their requests and expectations.

EXPORT

We can assist you in different languages, Spanish, English, French and Italian. Our qualified team will help you to find the best solution for your customer.

DISTRIBUTION

We work with the main shipping companies, with 48h/72h delivery services within Europe. We can ship by different mode of transportation, air, water or land depending on destination country.

~	1

WAREHOUSE

Our large facility enables us to maintain a large stock of material to ensure we have the product you need, when you need it.

EXPEDITE SERVICE

We make every effort to process your order quickly and we aim to ship every order as fast as possible.
